Amazon and Apple both Started Out in Somebody's Garage, and You Can Get Started <u>with a lot LESS SPACE and a lot LESS COST</u>!

Atlantic West Management Group, Inc is a 24-year-old Software Development Company, with its roots in the internet gaming industry and operates its servers in Nova Scotia, with virtually unlimited scalability and bandwidth, thus offering excellent powerful internet. If you already have a domain name or a web site, we can connect this commerce ready website to your existing service, but if you need help in acquiring a new domain name, we can provide you with assistance. Our included store shopping cart allows you to populate the new site with merchandise or publications, and U.S.A. copyright instructions are also on the included video. You may use the included e-commerce feature to connect with PayPal or your transaction processor of choice. And you may offer anything for sale as long as it is legally yours, and legal to be sold to the recipient. This is a great product to introduce you to internet commerce and a great way to get started on a new career
